WU PRO SERIES 1.9MM

ENGLEWOOD, NJ - Illuminating the auditorium at Englewood Hospital, New Jersey is our WU 2.5mm LED video wall. This impressive installation, measuring 16' x 9' with a 2.5mm pixel pitch, delivers stunning full HD resolution (1920 x 1080) in a perfect 16:9 aspect ratio. This enhancement not only elevates the visual experience in the auditorium but also exemplifies the advanced capabilities of LED technology.

We extend our sincere gratitude to our LED supplier, Taylorleds, and our system integration partner, Genesis Technology, LLC, for their invaluable collaboration.
