VISIT Frederick CITY & COUNTY - MARYLAND

AUDIO|VIDEO GROUP SHARING VOICE AND VISION

WU PRO SERIES 1.9MM

FREDERICK, MD - The focal point of this modern space at Tourism of Frederick City & County is our Taylorleds WU 1.9mm 6x6 direct view LED video wall with an exact resolution of 1920 x 1080. Our stunning LED system is powered by the A10S Pro graphic card, the MX30-SF (the NovaStar Technology's Exclusive model to ATS-PRO), and upgraded driving ICs to harness the full potential of the COEX VMP platform. This immersive LED video wall brings the natural beauty of Frederick county to life.

We extend our appreciation to Audio-Video Group LLC for their outstanding design & integration. We also acknowledge the exemplary sales & support provided by AUDIO ASSOCIATES of Columbia, MD.
